## Our Funding: How We're Funded

Albion Economic Development Corp. is funded by a combination of memberships and a portion of city sales tax under LB 840.

The [Local Option Municipal Economic Development Act \(LB840, 1991\)](#) authorizes incorporated cities and villages to collect and appropriate local tax dollars—including sales and/or property tax, if approved by the local voters—for economic development purposes.

The Act involves the formulation of the local economic development program plan. The plan forms the foundation for the collection and expenditure of local tax revenues for economic development and, if the voters approve the plan, the provisions of the local plan becomes the basis under which the municipality's program operates.

AEDC receives one-quarter-cent city sales tax to use toward economic development projects.
